**CERHA HEMPEL partner Dr. Benjamin Twardosz, LL.M. and counsel Dr. Christoph Schimmer publish a new book entitled "Handbuch GmbH"**

Together with attorneys Dr. Elke Maria Napokoj LL.M. (bpv Hügel) and Dr. Michaela Pelinka LL.M., CERHA HEMPEL partner Dr. Benjamin Twardosz, LL.M. and counsel Dr. Christoph Schimmer are the editors of a new handbook on limited liability companies, published by Linde Verlag.

"Handbuch GmbH" combines in-depth information on company law and tax law in one volume, offering a compact summary from a single source.

Twardosz and Schimmer, both of whom are attorneys and tax advisors at CERHA HEMPEL, were responsible for editing the section on tax law. In addition, several attorneys and tax advisors from CERHA HEMPEL contributed to the sections on company law and tax law. Many authors from law firms and academia also contributed to the new handbook.

Organised according to subject area and type of taxation, the handbook covers all of the essential practical issues from both areas of law relating to limited liability companies.

The handbook is an indispensable reference work for attorneys, tax advisors, auditors, company managers and all of those who are involved with the formation, management and legal organisation of limited liability companies in Austria as well as the myriad of associated tax law issues.
